Ljubljana, 26. February 2018

To: WMRA Member Federations

13th Mountain Running International Youth Cup 2018

Dear Friends,

The WMRA Council met in January and decided to accept FIDAL application to stage the above event in **Lanzada (SO) – ITA**.

The confirmed date is: **Saturday 16. June 2018**.

Enclosed, you will find the updated **Regulations**, the **Preliminary entry form (PEF)** and **Final entry form (FEF)**. The attached forms are word documents to allow you to fill them by computer.

Please note - there are 2 changes in the Regulations:

- boys and girls should run the same course and
- only the host country may enter 2 teams.

Deadlines:

- **PEF:** 16. April 2018 (2 months before the competition)
- **FEF:** 4. June 2018 (2 Mondays before the competition)

WMRA will also provide **travel grant** for the participating teams: 100€ per scoring runner for the European teams and 200€ for the non-European teams, of course only to the teams that will send the FEF on time.

Lanzada is located in the Valtellina valley in the middle of high mountains, approx. 40km NE from Morbegno, the traditional MR venue. The altitude is approx. 1200m above the sea level.

The course will be up-down, loop 4-5km; technical, "Italian style" course could be expected. The nearest international airport is Bergamo.

Detailed information will be available soon via WMRA web page.

Member federations are invited to send their teams to participate this interesting mountain running event for young runners.

Best regards,
Tomo Šarf
